Education

Valparaiso University — Valparaiso, IN
Bachelor of Science in Computer Science, GPA: 3.34 — *Expected May 2029*

- Coursework: Algorithms & Abstract Data, Algorithms & Programming, Object-Oriented Programming, Discrete Mathematics, AI Fundamentals

Gahanna Lincoln High School — Gahanna, OH
Valedictorian, GPA: 4.11 — *Aug. 2021 – May 2025*

Projects

Wave | wavevisualizer.com | *JavaScript, Three.js, Web Audio API, Spotify SDK* — 2026

- Built a 3D music visualizer that runs in the browser, inspired by the PlayStation 3 visualizer
- Split the audio into bass, mids and treble every frame to move a 120x120 Three.js mesh and its lighting
- Added beat detection, synced lyrics, and Spotify playback with OAuth 2.0 PKCE login
- Wrote unit tests for the lyrics parser and login helpers; hosted on Cloudflare Workers

Firstwords | thefirstwords.netlify.app | *JavaScript, Node.js, Netlify Functions, Anthropic API* — 2026

- Built a web app that asks realistic interview questions for any role and gives feedback on each answer
- Moved prompt building to a serverless function so the API key and prompts stay on the server
- Added input length limits and per-IP rate limiting to keep the API from being abused

Paint | github.com/CamdenGoddard/Paint | *Java, JavaFX, JUnit, Maven* — Sept. 2026 – Present

- Building a desktop image editor for CS 250 in agile sprints, with a tagged GitHub release each sprint
- Added tabs, 12+ drawing tools, two-stack undo/redo, select and move, rotate/flip, and autosave
- Wrote 38 JUnit tests and a background-thread activity logger so drawing never waits on the disk

Experience

NCAA Division I Cross Country & Track — 2025 – Present
Student-Athlete, Valparaiso University — *Valparaiso, IN*

- Train up to 80 miles a week while taking a full computer science course load
- Captain of the Gahanna Lincoln High School cross country team

Balila Kitchen — June 2026 – Aug. 2026
Salesperson — *Columbus, OH*

- Ran sales and set up displays for a prepared-foods vendor at Columbus farmers markets

Pitabilities — June 2026 – Aug. 2026
Team Member — *Gahanna, OH*

- Prepared and served orders on a busy food truck

Rita's Italian Ice — Mar. 2023 – June 2026
Server — *Gahanna, OH*

- Took orders, ran the register, and handled customer issues during busy summer shifts

Technical Skills

Languages: Java, Python, JavaScript, HTML/CSS
Frameworks & APIs: Three.js, React Native, Web Audio API, Spotify SDK, Anthropic API, REST APIs, OAuth 2.0
Tools: Git/GitHub, JUnit, Maven, Node.js, Netlify, Cloudflare Workers, VS Code, IntelliJ
